

ITMAT
Institute for Translational Medicine
and Therapeutics

Doctors at the Institute for Translational Medicine and Therapeutics are studying the phenomenon of

“Aspirin Resistance”

or

the reasons why some people do not respond to the heart healthy benefits of aspirin therapy.

If you are a healthy, non-smoking and non-pregnant individual between 18 – 55 years of age you may qualify for this RESEARCH study.

Qualified participants will receive, at no cost:

- Medical exams
- Blood and urine tests
- Study medication
- Compensation for your commitment, 2-8 visits based on eligibility

Coordinator: *Susan Ramirez*
