

# CALLING ALL HEALTHY VOLUNTEERS...

## The Hospital of the University of Pennsylvania

If you are between 18 and 55 years of age and do not smoke come join our research study.

The study involves:

- 6 week commitment
- Taking Tylenol and Aspirin everyday for 2 weeks
- Blood draws and urine collections

You'll receive a medical exam and blood work at no cost to you.

After completion of the study, you will receive compensation to cover travel, time and expenses.
